ELRETUR

CERTIFICATE FOR PRODUCER RESPONSIBILITY 2026

Issued to

Ahlsell Danmark A/S

VAT no.: 42997811

Registered product categories

1. Temperature Exchange Equipment

4. Large Equipment >50cm

5. Small Equipment ≤50cm

It is hereby confirmed that the company's responsibility for the collection and treatment of end-of-life electrical and electronic equipment from the above categories is managed by Elretur in accordance with applicable Danish legislation. In carrying out the company's extended producer responsibility, Elretur guarantees legitimate waste streams as well as the quality of data and registrations submitted to the authorities. Through its membership of Elretur, the company assumes a shared responsibility in the work to ensure increased and improved recycling and reuse of electrical and electronic waste.

The company has reported the necessary information on quantities of products placed on the market in 2025. The certificate is valid for the period 1 April 2026 – 31 March 2027.

Morten Harboe-Jepsen, CEO
